About the Camp

The Victors Veer Camp is a fundamental skills camp for all offensive positions. Teams that attend the camp consistently have successful seasons and regularly make the MHSAA Playoffs.

The schools that participate in the camp have similar offensive philosophies and therefore much of what your team does on offense is taught at the camp. A team that runs the "VEER" runs a triple-option attack. We teach the basic fundamentals of each position so even those who have never played football are comfortable at this camp. All of the coaches and most of the players walk away from this camp feeling tremendously prepared for the upcoming season.

This year, we are continuing with our camp within a camp philosophy. Meaning, we will have camp for 7th-10th graders and a varsity camp running at the same time at the same site. However, we will have different coaches running each of the camps so that the younger players receive as much attention as the varsity players. We also feel that this will allow for the coaches of the younger players to learn from the varsity staff. We feel that this made last year's camp much improved and will continue with this format.
